Dear KLAS AND ELSE

My name is Cynthia Jeptogei Komen, I am 17 years old and the last born in a family of eight children, two boys and six girls. Recieve warm greetings from my parent, siblings and I. How are you since we last meet at klass party a fortnight ago? I wonder what you have been up to.

I am in Anin girls secondary school and particularly in form three at the moment. I like my school because of the good morals that students normally express and more so the dignity I have in my mind that one day I will appear to be the heroe of Anin and there after a successful person in life to be emulated by many sibling and other members of the society.

My ~~rote~~ hobby is that I do like mostly in my free time is reading novels and making summary of what I have learnt at any session that any speaker might have talked about.

My role models are you my sponsors, May I thank you for the great gratitude you had as a family to help me to the level I am, May the High Deity grant your Mercies to. live longer. I promise to emulate you in whatever I do so that my future will be well and I also can help other members of the society with the disabilities or from the

humble backgrounds. Let me stop here but one last thing is that I won't let you down in anything I do.

Yours faithfully
Cynthia.
