

I am Michelle Jerono Kibet a student at Santa Maria Girls high school. I am in form 3 and I am working hard now because next year I will be in form 4 and I would wish to pass with flying colours so that I join a good university like no other in Kenya and achieve my goal of being a doctor. The reason why I wrote this letter is that first, I would like you to receive my warm greetings. I have missed you so much and I would wish to be together always but I hope you are doing good likewise to me. Secondly is that I would like to thank you so much for your assistance that you assisted me specifically school fees. I know that it was not my will that I would get such a grateful and loving people but I know very well that it was God's Plan. I am praying God to had you more blessings until you wonder but you will realise that it is that heart of helping other people. Thirdly is that I would like to say thank you so much because since they started this organisation it has helped us so much especially our parents because they had a problem of paying our school fees and they could not afford to pay but because of your help it has made us feel so happy and grateful of you people. Lastly is that I promise that I will work hard and I will not give up in any situation in order to pass exams. I would like to be a better person in future so that I would change the living standard of my parents and to help other people to live as better people. How celebrity will it be when I pass with flying colours so as to make you feel proud of me? What else can I say other than to wish you God's blessings.

"Bte Missing and Loving you The Family of Mark"
